

# Cal OES Daily Situation Report

## May 17, 2022

CalOES announced on 05/17/22 that a \$3 million grant was awarded to the Karuk Tribe of Northern California. In 2020, the Slater Fire burned over 150,000 acres of Tribal land. This funding will be used to minimize long-term damages caused by future wildfires.

# Weather Key Points

Regional Operations Center

Western Region

Tuesday, May 17

- Very warm temperatures will persist for many areas of the state through the weekend
  - Daytime temperatures in the lower 90s will remain likely across the Central Valley and inland southern California, with readings exceeding 100 degrees over the southern deserts
  - Minor to moderate heat risk impacts will continue many afternoons through at least Monday
- Breezy conditions will also continue across the southern California mountains and foothills Tuesday, with gusty conditions spreading into portions of the Central Valley for mid and late week as winds turn offshore
  - Thursday will feature the most widespread strong winds for the majority of California, with gusts of 40 mph, with higher gusts of 50 mph possible across southern California
  - With ongoing dry conditions, these winds will bring periods of elevated to potentially critical fire weather conditions, particularly Wednesday through Friday
- No precipitation is expected across the state through the weekend
